

iPar7: Fuse Replacement

The iPar Wiring Harness & Fuse Holder will be located in one of two places; in the battery compartment or in the dash panel, near the key switch.

Fuse holders are located *In-Dash* for:

1. All Club Car carts
2. All Gas powered carts.
3. Yamaha Lithium Ion powered carts

Fuse holders are located in the *Battery Compartment* for:

1. Yamaha electric models with lead acid batteries
2. EZ-GO electric models with lead acid batteries

*Spare fuses are provided with installation but if none are available, replacement 5A fuses can be requisitioned from GPS Tech or purchased at most auto and hardware stores.

Battery Compartment:

1. Remove Seat
2. Locate Fuse Holder
3. Open & Inspect Fuse for broken arc or "burn" marks
4. Replace 5 Amp Blade Fuse if needed
5. Plug In iPar and Test for Power
6. Close Fuse Holder
7. Replace Seat

**If unit does not power On, troubleshoot further*

Front Dash Panel:

Club Car

1. Use a **T30 Torx bit** to remove side screws first
2. Use a **T10 Torx bit** to remove center screw next

3. Gently pull down and away to remove dash panel

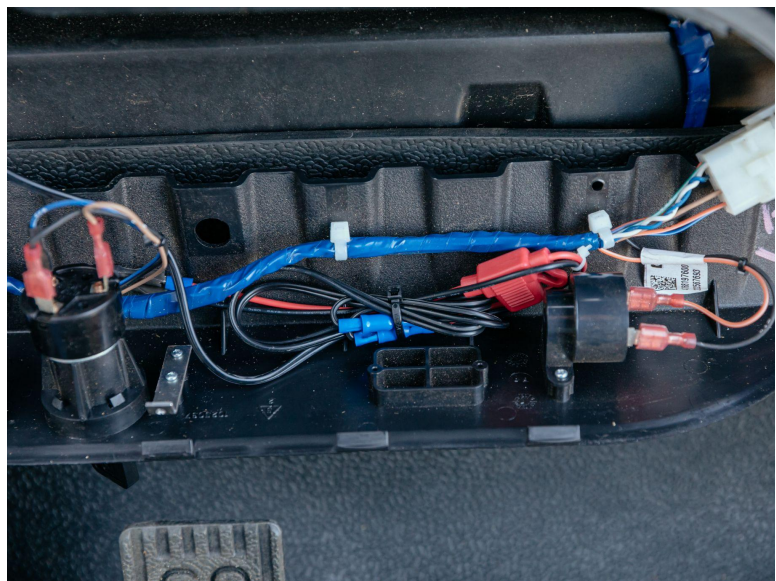

4. Open Red Fuse Holder & Inspect Fuse for broken arc or "burn" marks

5. Replace 5 Amp Blade Fuse if needed

6. Close Fuse Holder & replace bundle

7. Plug In iPar and Test
**If unit does not power On, continue troubleshooting*

8. Reinstall Dash Panel:
Insert side screws first, top screw last

Front Dash Panel:

Yamaha:

1. Use a small, flat tool to pry off Yamaha logo emblem on cup holder
2. Use a **S2 Hex bit** to remove the exposed screw
3. Gently pull up and away to remove the cup holder

After removing the Cup holder, the iPar power cord and wiring harness will be visible. iPar is the **RED Fuse Holder** on the red wire of the wiring harness bundle.

4. Open Red Fuse Holder & Inspect Fuse for broken arc or "burn" marks

5. Remove blown fuse and Replace with a new 5A fuse

- Reinstall Cup holder

*Extra 5 Amp Fuses were provided at the time of installation.

Additional Fuses are available upon request from GPS Tech or can be purchased at most Automotive or Home Improvement stores.
